

Can you take the pressure?

YOU CAN NOW. WITH TYREPAL IT'S EASY!

Valve-cap sensor transmitters

Easily installed in a few minutes

Advanced wireless system

Optimum tyre pressures give the best grip, improved cornering and shortest braking distance. Under-inflation can lead to a blow out.

- + Spot tyre problems before they occur
- + Get optimum tyre performance
- + Save on fuel and tyre wear
- + Reduce CO2 emissions

Order now at www.tyrepal.co.uk Simple, user fit systems from under £200.
Tyre pressure monitoring systems for car, minibus, van, caravan, motorbike and commercial vehicles.
